# MiVue™ C590

Full HD 1080P & **STARVIS** GPS Dash Cam

## Mio™ Night Vision Technology

Utilizing cutting-edge **Mio™ Night Vision Pro Technology**, smooth and clear footage is ensured by our professional image tuning technology and our insistence on using quality glass. The MiVue™ C590 is fitted with Sony's premium STARVIS™ sensor and large aperture to deliver superb contrast and rich colors even in low-light conditions.

Sony's premium  
**STARVIS™ CMOS**  
Clear images even in low-light conditions

Capture all the details  
**Full HD 1080p at 30fps**

Your dash cam captures all the necessary details of your journey

**Average Speedcam Alert**

Calculate the remaining time, distance, and average speed for you

Super-Cap  
**Super capacitor**  
for extreme conditions

GPS tracking &  
Time/location  
auto-calibration

GPS Safety camera  
warnings & Mio's patented  
Smart Alert

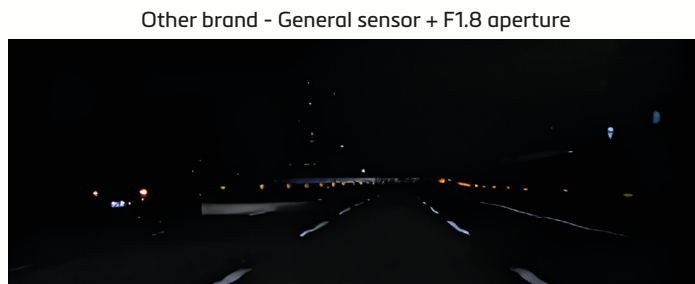

Large aperture  
F1.8

Record at all times  
with Parking Mode

## Designed for highly enhanced video brightness – Sony’s premium STARVIS™ sensor with F1.8 large aperture

For detail-packed videos with superb contrast, clear and rich colours, especially in low-light conditions.

### Average Speedcam Alert

- MiVue™ C590 shows the distance and time (seconds) to terminal speedcam, and also provides the speed limit and average speed of the interval.

Speed limit: turn red if the driver is speeding

Remaining time (seconds)

Average speed

Remaining distance

START

300M

Average speedcam route

END

### GPS Safety Camera Warnings

- General fixed-distance warning
- Mio’s patented Smart Alert: early alert for higher speeds
- Enjoy free safety camera data updates\*

\* Excludes France, Switzerland, Turkey and Germany.

### Record at all times with Parking Mode

- With the latest motion detection technology, MiVue™ C590 can automatically activate and record videos when a motion is detected near the front of the vehicle. This helps collect evidence even when you’re not in the car\*\*

\*\* Requires SmartBox III, available separately.
